MARKET FOR COTTON

W LEVEL FOR THE MOVEly To About the Close of the Pre-ious Day on Buying That Con-tinued Rather Unsettled in Tone.

New York, July 21-The cotton maret opend steady at a decline of two to hree points, which was a shade better han due on the lower cables and rices increased the loss soon after the call to a matter of four to seven points, which carried them to a new low level for the movement and attracted covering of shorts as well as some buying

ering of shorts as well as some buying for a tuen.

The market rallied to about the closing of the previous day on the buying that continued rather unsettled in tone as a result of the better crop weather and more favorable advices from the South. Receipts of cotton at the ports today were 3.538 bales against 2.816 last week and 1.554 last year, and for the week 25.000 against 25.047 last week and 12.031 last year.

Today's receipts at New Orleans 2.088 against 2.908 last year, and at Houston, 626 bales against 4.224 last year.

The month of July, failing from 77 to 74.9.

In addition to the probability of the government reporting some deterioration in the crop during the past month reports of shedding are apt to become more numerous with the return of fair hot weather, and the damage to be reported will depend on the character of weather to be experienced, excessive temperatures, which usually occur at this period of the year, would be detrimental. Unless weather be such as to permit of no complaint, little change in market is expected. Yours truly,

C. G. Abercrombie & Co.

Sking.

THE STOCK MARKET BANK STATEMENT A SURPRISE TO THE OPERATORS.

Short Time Loans Are Greatly Reduced.

New York, July 21.-The bank statement today showed that there had
been substantial ground for the hopes
of a strong bank return which lay at
the bottom of yesterday's movement
of stocks and the improved feeling
over the money outlook. But the
sources of the added strength of the
banking position were obscure. An
estimate of \$6,000,000 cash gain, based
on the known movements of money,
was realized by almost double that
amount. Commentators were perplexed to find an explanation and were
driven back upon the old assumption
of operations with trust companies allied with the banks to account for this
great increase in cash. The \$9,435,300
olan increase was taken as an intimation of stock market needs and gave
point to some of the week's rumors
of large borrowing for account of interests closely related to some of the
great railroads whose stocks have
figured in the week's revived strength.

Quotations of short time loans, although nominal on Saturday, were
substantially reduced today, the bid
rate for sixty days falling to 3 1-2
per cent with offerings at four per
cent. A good effect is looked for on
the money market from the deposits of
Panama canal bond subscriptions,
which are offered by the Secretary of
the Treasury. Hopes are entertained
also of securing part of next wek's
\$5,000,000 gold arrivals expected in
London. Money lenders are inclined to
look for easier money rates in consequence. Foreign exchange rates, however, were advanced sharply with possible effect upon New York's command
of the London gold supply. It appeared that most of the speculative
buying based on the favborable bank
statement had been anticipated and
prices advanced for only half an hour.
After that time it lost ground and the
demand was insufficient after the bank
statement to absorb the traders profit
taking. The closing was irregular with
only fart of the early gains relained.

Total sales of bonds, par value,
\$637,000.

The pressure of liquidation was lifted from the mark

REPUBLICAN COMMITTEE. Much Interest in Approaching Meeting
in Birmingham,
Birmingham, July 21.--(Special.)-Interest in the meeting of the State
Executive Committee of the Republican

party of Alabama is running high smong the Birmingham Republicans. There are thirty-four members of the committee and it is stated that unless committee and it is stated that unless some providential hindrance occurs that every member will be present at the meeting. The Charles H. Scott boom for the gubernatorial nomination, which was launched here informally on July 4th, seems to be quiescent. His supporters may be organizing some deep plot which will land the nomination for him, but if such is the case the plot is so very deep laid the case the plot is so very deep laid that it is making absolutely no fuss. Considerable interest is displayed in the suggestion that certain friends of James Bowron will put him forward for the nomination. Mr. Bowron ward for the nomination. Ar. Bowron has for a number of years been prominent in the party in Alabama. In this gonnection an argument arose among several who were discussing the matter in the government building this morning. The statement was offered by one ing. The statement was offered by one member of the party that Mr. Howron would be ineligible, as he was not an American by birth. Another stated that this was not a requisite. The dispute was settled by a reference to the constitution of Alabama, wherein the requirement is given as, ten years residence in the State. Mr. Bowron is entirely eligible as he has been a resident of the State for a much larger time than that

TIE UP PUBLISHERS.

Trades Allied to Printers May Go on Sympathetic Strike.

Chicago, July 21.—A complete tie-up of the printing establishments of members of the Chicago Typothetae may follow action which has been taken by the allied printing trades council to assist the printers in their fight for an eight-hour day.

The plans are being kept secret, but a committee of one from each of the

The plans are being kept secret, but a committee of one from each of the five international unions affliated with the council, has been appointed with the council, has been appointed with full power to act. It is said that the stereotypers, photograph engravers and bookbinders already have received the sanction of their respective national officers to go on strike in aid of the printers on terms proposed by the latter. The printers have offered to pay the strike benefits of all workmen called out in sympathy with them.

The attitude of the printing press men has kept the other unions from engaging in the strike up to this time. The pressmen are under a five-year agreement with the employers, which does not expire until next May.

The agreement was made between the international union and the United Typothetae of America and the local union here never in sympathy with its

union here never in sympathy with its demands, although it has lived up to the agreement until this time. The refusal of the United Typothetae at its convention in Buffalo, which adjourned vesterday to consider the demands of the pressmen for an eight-hour day on the expiration of their contract will, the local officers say, result in forcing the pressmen to take sides with the
